### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements, Interpretations and other applicable authoritative pronouncements of the Australian Accounting Standards Board and the *Australian Charities and Not-for-profits Commission Act 2012 ('ACNC Act')*.

This financial report includes separate financial statements for the Royal Society for the Prevention of Cruelty to Animals (Queensland) Limited as an individual entity and the controlled entities as a consolidated group.

The Royal Society for the Prevention of Cruelty to Animals (Queensland) Limited is a not-for-profit entity for the purpose of preparing the financial statements.

The following is a summary of the material accounting policies adopted by the group in the preparation and presentation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

### (a) Basis of preparation of the financial report

*Compliance with Australian Accounting Standards – Reduced Disclosure Requirements* The consolidated financial statements of the group also comply with Australian Accounting Standards - Reduced Disclosure Requirements as issued by the Australian Accounting Standards Board (AASB).

### Application of new accounting standards

The Group has adopted all the mandatory new and amended Accounting Standards issued that are relevant to its operations and effective for the current reporting period. There was no material impact on the financial report as a result of the adoption of these standards.

### Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets as described in the accounting policies.

### Critical Accounting Estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

#### Significant accounting estimates

The preparation of the financial report requires the use of certain estimates and judgements in applying the entity's accouting accounting policies. Those estimates and judgements significant to the financial report are disclosed in Note 2.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (b) Legal status

During the year the Society amended their constitution to become a company limited by guarantee effective 29 June 2016. The financial report is no longer prepared in accordance with the *Associations Incorporation Act (QLD) 1981* and is now prepared in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*. The transition for financial reporting purposes is treated as a continuation.

Section 106F of the Associations Incorporations Act (QLD) 1981 sets out the effect of a transfer of incorporation and refers to section 601BM of the Corporations Act 2001 on whether a new entity is created and the effect on existing property, rights and obligations. Section 601BM of the Corporations Act 2001 confirms that a a new legal entity is not created as a result of the transfer. Further, section 601BC of the Corporations Act 2001 does not outline any requirements to lodge final accounts with the Registrar.

### (c) Principles of consolidation

The consolidated financial statements are those of the consolidated entity ("the group"), comprising the financial statements of the parent entity and all of the entities the parent controls. The group controls an entity where it has the power, for which the parent has exposure or rights to variable returns from its involvement with the entity, and for which the parent has the ability to use its power over the entities to affect the amount of its returns.

The financial statements of subsidiaries are prepared for the same reporting period as the parent entity, using consistent accounting policies. Adjustments are made to bring into line any dissimilar accounting policies which may exist.

All inter-company balances and transactions, including any unrealised profits or losses have been eliminated on consolidation. Subsidiaries are consolidated from the date on which control is transferred to the group and are derecognised from the date that control ceases.

Equity interests in a subsidiary not attributable, directly or indirectly, to the group are presented as non-controlling interests. Non-controlling interests in the result of subsidiaries are shown separately in the statements of comprehensive income and statements of financial position respectively.

### (d) Foreign currency translations and balances

#### Functional and presentation currency

The financial statements of each entity within the consolidated entity is measured using the currency of the primary economic environment in which that entity operates (the functional currency). The consolidated financial statements are presented in Australian dollars which is the consolidated entity's functional and presentation currency.

#### Transactions and Balances

Transactions in foreign currencies of entities within the consolidated group are translated into functional currency at the rate of exchange ruling at the date of the transaction.

Foreign currency monetary items that are outstanding at the reporting date (other than monetary items arising under foreign currency contracts where the exchange rate for that monetary item is fixed in the contract) are translated using the spot rate at the end of the financial year.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (d) Foreign currency translations and balances (Continued)

Except for certain foreign currency hedges, all resulting exchange differences arising on settlement or re-statement are recognised as revenues and expenses for the financial year.

Subsidiaries that have a functional currency different from the presentation currency of the group are translated as follows:

- Assets and liabilities are translated at the closing rate on reporting date;
- Income and expenses are translated at actual exchange rates or average exchange rates for the period, where appropriate; and
- All resulting exchange differences are recognised in other comprehensive income.

#### (e) Revenue

Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Risks and rewards of ownership are considered passed to the buyer at the time of delivery of the goods to the customer.

Dividend revenue is recognised when the right to receive a dividend has been established. Dividends received from associates and joint venture entities are accounted for in accordance with the equity method of accounting.

Interest revenue is recognised when it becomes receivable on a proportional basis taking in to account the interest rates applicable to the financial assets.

Grant revenue is recognised in the profit or loss when it is controlled. Where binding conditions, or specified milestones, exist relating to the specific purposes for which the grant funds may be applied, grant revenues are recognised in the statement of financial position as a liability until such time that all conditions of the grant are met.

Bequests and donations are recognised upon control.

Gifted assets or assets acquired at a nominal value are recognised in the profit or loss and statement of financial position at their fair value at the date the Society obtains control over the asset.

All revenue is measured net of the amount of goods and services tax (GST).

### (f) Income tax

Current income tax expense or revenue is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities.

Deferred tax assets and liabilities are recognised for temporary differences at the applicable tax rates when the assets are expected to be recovered or liabilities are settled. Deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (f) Income tax (Continued)

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

#### (g) Financial instruments

#### Classification

The group classifies its financial assets in the following categories: financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, and available-for-sale financial assets. The classification depends on the nature of the item and the purpose for which the instruments were acquired. Management determines the classification of its financial instruments at initial recognition.

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are subsequently measured at amortised cost using the effective interest rate method.

#### Available-for-sale

Available-for-sale financial assets include any financial assets not included in the above categories or are designated as such on initial recognition. Available-for-sale financial assets are subsequently measured at fair value. Unrealised gains and losses arising from changes in fair value are taken directly to equity. The cumulative gain or loss is held in equity until the financial asset is de-recognised, at which time the cumulative gain or loss held in equity is recognised in profit or loss.

Non-listed investments for which the fair value cannot be reliably measured, are carried at cost and tested for impairment.

#### Donated financial assets

Financial assets donated to the group are recognised at fair value at the date the group obtains the control of the assets.

#### Financial liabilities

Financial liabilities include trade payables, other creditors and loans from third parties including inter-company balances and loans from or other amounts due to director-related entities.

Non-derivative financial liabilities are subsequently measured at amortised cost, comprising original debt less principal payments and amortisation.

Financial liabilities are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (g) Financial instruments (Continued)

#### Impairment of financial assets

For loans and receivables and held-to-maturity investments carried at amortised cost, impairment losses are measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The amount of the loss reduces the carrying amount of the asset and is recognised in profit or loss. The impairment loss is reversed through profit or loss if the amount of the impairment loss decreases in a subsequent period and the decrease can be related objectively to an event occurring after the impairment was recognised.

For available-for-sale financial assets carried at fair value, the impairment loss is measured as the difference between the acquisition cost and current fair value, less any impairment loss previously recognised in profit or loss. If the asset is impaired, the cumulative loss is reclassified from equity to the profit or loss. For equity investments, the impairment loss is not reversed through profit or loss. For debt investments, the impairment loss is reversed through profit or loss if the fair value increases in a subsequent period and the increase can be objectively related to an event occurring after the impairment losses was recognised in profit or loss.

#### (h) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the statements of financial position.

#### (i) Inventories

Inventories held for sale are measured at the lower of cost and net realisable value.

For inventory acquired at no or nominal consideration, cost is the current replacement cost at the date of acquisition.

### (j) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and any accumulated impairment losses.

#### Property

Freehold land and buildings are initially recorded at cost. Where freehold land and buildings were acquired at no cost or for a nominal amount, cost is deemed to be the fair value as at the acquisition date.

Property is subsequently measured on a cost basis.

#### Plant and equipment

Plant and equipment is measured at cost. Where plant and equipment was acquired at no cost or for a nominal amount, cost is deemed to be the fair value as at the acquisition date.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## (j) Property, plant and equipment (Continued)

#### Depreciation

The depreciable amount of all property, plant and equipment is depreciated over their estimated useful lives commencing from the time the asset is held ready for use. Land and the land component of any class of property, plant and equipment is not depreciated.

Class of fixed asset	Depreciation/amortis ation rates	Depreciation/amortisatio n basis
Leasehold land	over lease period	Straight line
Buildings at cost	2.5%-25%	Straight line
Plant and equipment at cost	2.5%-33.3%	Straight line
Motor vehicles at cost	22.5%	Straight line

At each period end date the leases in relation to buildings on leasehold land are reviewed to determine that, in the foreseeable future, there is no reason why they would not be renewed for a period covering at least the current useful life of the building. Where it is determined that the lease would not continue to be renewed for a period covering the useful life of the building, the balance would be written off over the likely period that the lease would continue to be renewed.

### (k) Intangibles

### Patents and trademarks

Patents, trademarks and licences are recognised at cost. They are amortised over their estimated useful lives, which range from 5 to 10 years. Patents, trademarks and licences are carried at cost less accumulated amortisation and any impairment losses.

Software assets comprise of acquired software assets and capitalised development expenditure relating to the Shelter Buddy TM software from which the sales and maintenance reviews are derived by the subsidiary company.

### Capitalised development expenditure

Software is initially recorded at the fair value of costs incurred during the development phase. The software is considered to have a finite life and is carried at cost less any accumulated amortisation and impairment losses. Software is amortised on a straight line basis over its estimated useful life of 8 years and is included within other expenses in the income statement. All costs associated with the research phase and the ongoing maintenance of the software are expensed to the profit or loss in the period incurred.

### Software

Costs capitalised include external direct costs and services relating to implementation of acquired software. Amortisation is calculated on a straight-line basis over a 3 year period.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (I) Impairment of non-financial assets

Goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are not subject to amortisation and are therefore tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

For impairment assessment purposes, assets are generally grouped at the lowest levels for which there are largely independent cash flows ('cash generating units'). Accordingly, most assets are tested for impairment at the cash-generating unit level. Because it does not generate cash flows independently of other assets or groups of assets, goodwill is allocated to the cash generating unit or units that are expected to benefit from the synergies arising from the business combination that gave rise to the goodwill.

Assets other than goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are assessed for impairment whenever events or circumstances arise that indicate the asset may be impaired.

An impairment loss is recognised when the carrying amount of an asset or cash generating unit exceeds the asset's or cash generating unit's recoverable amount. The recoverable amount of an asset or cash generating unit is defined as the higher of its fair value less costs to sell and value in use. Refer to Note 2 for a description of how management determines value in use.

Impairment losses in respect of individual assets are recognised immediately in profit or loss unless the asset is carried at a revalued amount such as property, plant and equipment, in which case the impairment loss is treated as a revaluation decrease in accordance with the applicable Standard. Impairment losses in respect of cash generating units are allocated first against the carrying amount of any goodwill attributed to the cash generating unit with any remaining impairment loss allocated on a pro rata basis to the other assets comprising the relevant cash generating unit.

The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

### (m) Investments in associates

An associate is an entity over which the group is able to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies.

The group's interests in associates are brought to account using the equity method after initially being recognised at cost. Under the equity method, the profits and losses of the associate is recognised in the group's profit or loss and the group's share of other comprehensive income items is recognised in the group's other comprehensive income. Details relating to associates are set out in Note 13.

Unrealised gains and losses on transactions between the group and an associate are eliminated to the extent of the group's share in an associate.

### (n) Provisions

Provisions are recognised when the group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (o) Leases

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement so as to reflect the risks and benefits incidental to ownership.

#### Finance leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the group are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the fair value or, if lower, the present value of the minimum lease payments, including any guaranteed residual values. The interest expense is calculated using the interest rate implicit in the lease and is included in finance costs in the statement of profit or loss. Leased assets are depreciated on a straight line basis over their estimated useful lives where it is likely that the group will obtain ownership of the asset, or over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

#### **Operating** leases

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as an expense on a straight-line basis over the term of the lease.

Lease incentives received under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

### (p) Employee benefits

### (i) Short-term employee benefit obligations

Liabilities arising in respect of wages and salaries, annual leave, accumulated sick leave and any other employee benefits (other than termination benefits) expected to be settled wholly before twelve months after the end of the annual reporting period are measured at the (undiscounted) amounts based on remuneration rates which are expected to be paid when the liability is settled. The expected cost of short-term employee benefits in the form of compensated absences such as annual leave and accumulated sick leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables in the statements of financial position.

### (ii) Long-term employee benefit obligations

The provision for other long-term employee benefits, including obligations for long service leave and annual leave, which are not expected to be settled wholly before twelve months after the end of the reporting period, are measured at the present value of the estimated future cash outflow to be made in respect of the services provided by employees up to the reporting date. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee turnover, and are discounted at rates determined by reference to market yields at the end of the reporting period on high quality corporate bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the change occurs.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (p) Employee benefits (Continued)

Other long-term employee benefit obligations are presented as current liabilities in the statements of financial position if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur. All other long-term employee benefit obligations are presented as non-current liabilities in the statements of financial position.

#### (q) Borrowing costs

Borrowing costs including interest expense calculated using the effective interest method, finance charges in respect of finance leases, and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs are expensed as incurred, except for borrowing costs incurred as part of the cost of the construction of a qualifying asset, in which case the costs are capitalised until the asset is ready for its intended use or sale.

### (r) Goods and services tax (GST)

Revenues, expenses and purchased assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statements of financial position are shown inclusive of GST.

Cash flows are presented in the statements of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

### (s) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

#### (t) Net asset deficiency

At 30 June 2016 the entity's current liabilities exceed its current assets by \$2,106,029 (2015: \$2,222,795).

Non-current assets include financial assets of \$2,440,029 (2015: \$2,356,784) which are shares in listed corporations. This balance has been recorded as non-current on the basis that that the entity does not intend to realise this asset for a period of 12 months from 30 June 2016.

The entity has contingent assets of \$3,472,710 (2015: \$8,797,828) from bequests and estates (refer Note 25).

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 2: SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

Certain accounting estimates include assumptions concerning the future, which, by definition, will seldom represent actual results. Estimates and assumptions based on future events have a significant inherent risk, and where future events are not as anticipated there could be a material impact on the carrying amounts of the assets and liabilities discussed below:

#### (a) Impairment

The Society assesses impairment at each reporting date by evaluating conditions specific to the group that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Valuein-use calculations performed in assessing recoverable amounts incorporate a number of key estimates. No triggers of impairment were noted in the current or prior year.

#### (b) Court costs receivable: provision for impairment

Historically court costs have been extremely difficult to recover in a timely and efficient manner. The Directors of the Board have determined that all court costs owing for over 12 months in respect of individuals that have failed to make at least partial repayment during the financial year will be provided for.

Income tax expense attributable to profit				<u> </u>

### (c) Deferred tax assets not brought to account

The Directors of the Board are currently reviewing the taxation position of the subsidiary, Shelter Management Pty Ltd. The subsidiary has accumulated tax losses of approximately \$143,000 (2015: \$315,000). The deferred tax asset not recognised in relation to losses at 30 June 2016 is \$43,000 (2015: \$94,000).

The Society also has unrecognised deferred tax assets relating to temporary differences of approximately \$49,000 (2015: \$51,000) consisting mainly of software assets being written off for tax purposes over 25 years.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probably that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised. At 30 June 2016, the Directors of the Board are of the view that the probability criteria have not been met. Accordingly, these deferred tax assets are not recognised in the financial statements.

### Amounts receivable from subsidiaries

The Society has made unsecured interest-free loans to its subsidiary Shelter Management Ply Ltd (the controlled entity). These loans have no set repayment terms.

The controlled entity develops, sells and maintains a software product called Shelter BuddyTM. As the company is still incurring extensive expenditure in relation to the ongoing improvement and expansion of the software, the company is in a net liability position at balance date.

The Directors of the Board consider the current financial position of the controlled entity to be an indicator of impairment in relation to these loans receivable. Accordingly, amounts receivable at 30 June 2016 and 30 June 2015 have been impaired in full. The total impairment loss/(reversal) in relation to these recognised in the profit or loss during the current period was \$12,737 (2015: (\$12,730)) and is included within other expenses in the profit or loss.

### Loan from RSPCA NSW

The loan from RSPCA NSW which was interest free and unsecured was fully repaid in December 2015.

### Redeemable Preference Shares

During the 2006 financial year and in consideration for the sum of \$80,000, the subsidiary issued preference shares to a minority shareholder. The agreement states that 75% of post tax operating profits are payable to the holder as dividends until such time that 150 preference dividends at \$2,400 each have been fully paid. On the basis that the subsidiary has an obligation to repay this amount to the holder of the preference shares, management have classified the instrument as a financial liability.

#### **Bank Facilities**

The bank overdraft, commercial bills and bank loans are secured by way of:

(i) Bill of sale and mortgage over all assets and uncalled capital of the Society;

(ii) First registered mortgages over the leasehold property at Station Road Wacol and freehold property at Laurenceson Road Gympie;

(iii) Deed of mortgage over securities held by the Society.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

### NOTE 17: BORROWINGS (CONTINUED)

The Society has a bank overdraft facility amounting to \$2,200,000 (2015: \$2,200,000). This may be terminated at any time at the option of the bank. At 30 June 2016 the unutilised facility was (\$79,998) (2015: \$437,694). Interest rates are variable.

The bank overdraft is subject to annual review, but remains payable on demand.

The Society has finance facilities as follows:

Facilities	Facilities	Maturity	Utilised	Repayments
Commercial Bill	\$3,360,000	27 December 2018	\$2,180,000	Interest + \$108,000 per quarter
Commercial Bill	\$2,240,000	29 November 2018	\$2,240,000	Interest only

The interest only commercial bill facility has specific conditions applied to it that if any event occurs that alters the risk of the financial institution accepting interest only repayments the financial institution can call upon the entity to make principal reductions as opposed to interest only repayments.

#### NOTE 24: CAPITAL AND LEASING COMMITMENTS

<b>Operating lease commitments</b> Non-cancellable operating leases contracted for but not capitalised in the financial statements: Payable				
- not later than one year	1,183,339	708,437	1,183,339	708,437
- later than one year and not later than five				
years	2,724,793	975,859	2,724,793	975,859
- later than five years	78,134		78,134	
	3,986,266	1,684,296	3,986,266	1,684,296

The Society has 10 non-cancellable property leases with terms ranging from 1 to 7 years, with rent payable monthly in advance. Escalation clauses within the lease agreements require that the minimum lease payments shall be increased by CPI per annum. Options exist to renew the leases at the end of their terms, with terms between 1 and 5 years. The Society also has 19 motor vehicle leases expiring in 2018 and 2019 and a number of equipment leases with terms ranging from 3 to 5 years.

#### **NOTE 25: CONTINGENT ASSETS**

A contingent asset exists for bequests advised up to the date of signing of the financial statements that had not been received at balance date. The bequests have been advised via written or verbal advice from an executor or solicitor.

Estimates of the maximum amounts of contingent assets that may become receivable:				
Probate advised - written	1,524,957	4,710,850	1,524,957	4,710,850
Provide advised - verbal	18,789	1,072,278	18,789	1,072,278
Probate not advised - written	1,928,964	3,014,700	1,928,964	3,014,700
	3,472,710	8,797,828	3,472,710	8,797,828

Consolidated		Parent Entity		
2016	2015	2016	2015	
\$	\$	\$	\$	

#### **NOTE 26: CONTINGENT LIABILITIES**

The Society has provided bank guarantees to the total value of \$89,372 (2015: \$89,372) as rental guarantees.

The Society receives a number of goverment grants subject to various conditions. Until such time as these conditions are met and the grant acquitted, there is a possibility that some or all of the monies may need to be returned to the grantor.

As at 30 June 2016 the Society received grant monies amounting to \$404,973 (2015: \$305,025) which are subject to conditions and, at that date, had yet to be acquitted as required under the relevant agreements.

These monies have been recognised as revenue in the period they were received as control is deemed to have passed at that point.

### NOTE 27: EVENTS SUBSEQUENT TO REPORTING DATE

There has been no matter or circumstance, which has arisen since 30 June 2016 that has significantly affected or may significantly affect:

- (a) the operations, in financial years subsequent to 30 June 2016, of the group, or
- (b) the results of those operations, or
- (c) the state of affairs, in financial years subsequent to 30 June 2016, of the group.

#### **NOTE 28: ENTITY DETAILS**

The Royal Society for the Prevention of Cruelty to Animals (Queensland) Limited is the State's leading animal welfare authority. It is also the oldest animal welfare authority in Queensland. The Society is a non-government, registered animal welfare charity, with powers to enforce an Act of the Queensland Parliament - The Animal Care and Protection Act 2001, which was proclaimed on March 1, 2002.

The registered office and principal place of business of the group is:

Royal Society for the Prevention of Cruelty to Animals (Queensland) Limited 139 Wacol Station Rd Wacol QLD 4076

## STATEMENT BY THE DIRECTORS OF THE BOARD

The directors of the society declare that:

- The financial statements and notes, as set out on pages 1 29 presents fairly the society's financial
  position as at 30 June 2016 and performance for the year ended on that date of the society in
  accordance with Australian Accounting Standards Reduced Disclosure Requirements, the Australian
  Charities and Not-for-profits Commission Amendment Regulation 2012 and other mandatory
  professional reporting requirements;
- 2. In the directors' opinion there are reasonable grounds to believe that the society will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

# Independent Auditor's Report to the Members of the Royal Society for the Prevention of **Cruelty to Animals (Queensland) Limited**

We have audited the accompanying financial report of the Royal Society for the Prevention of Cruelty to Animals (Queensland) Limited, which comprises the statement of financial position as at 30 June 2016, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and management's assertion statement of the entity and the consolidated entity comprising the entity and the entities it controlled at the year's end or from time to time during the financial year.

# Management's Responsibility for the Financial Report

Management is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the Australian Charities and Not-for-profits Commission Act 2012 ('ACNC Act') and for such internal control as management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.

### Opinion

In our opinion, the financial report of the Royal Society for the Prevention of Cruelty to Animals (Queensland) Limited is in accordance with Division 60 of the *Australian Charities and Not-for-profits Commissions Act 2012*, including:

- a) giving a true and fair view of the Society's financial position as at 30 June 2016 and of its performance and cash flows for the year ended on that date; and
- b) complying with Australian Accounting Standards Reduced Disclosure Requirements and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation* 2013.
